CZ 4M OMEGA JACKET

TACTICAL JACKET

The CZ 4M OMEGA tactical jacket is designed for operations

1. Collar with a microfleece zone
2. Double-access sleeve pockets
3. Ventilation holes
4. FAC pockets
5. Side zippers
6. Front pockets compatible with a vest
7. MOLLE name tags

MATERIALS

- The Heavy Duty (HD) material combines the strength and durability of polyamide fibres (PAD) with a ripstop mesh and the best cotton yarn, which is soft and comfortable for most conditions in which it is expected to be used. The main advantage of the HD material is high resistance to mechanical damage, including protection against cuts by sharp objects or thorns, providing the highest degree of protection in all types of operations.

- The Light Season (LS) material is made of a combination of polyester fibres (PES) with a ripstop mesh and the best cotton yarn, which is soft and comfortable for most conditions under which it is expected to be used. The LS material combines high breathability and strength, which makes it suitable for warm weather conditions, etc. The material is provided with special TEFLON® treatment bound to the fibres, which ensures long-term resistance to water, oils, etc

DESIGN

The special anatomic design of the sleeves enables full freedom of movement without the use of elastic fabric belts, as is the case with competing products.

- The sleeves allow inserting all available types of elbow protectors.
- Openable underarm ventilation holes.
- Sleeve pockets accessible from above and from the side.
- Front chest pockets accessible even if a ballistic vest is worn. The zipper sliders are also positioned outside the area under the ballistic vest to prevent secondary injuries when the vest is hit in the zipper area.
- Openings on both sides of the blouse facilitate access to the service pistol on a belt.
- The bottom pocket on the back can be used to store a raincoat, etc.

Color	Material	Weight	Size
Black FDE, Multicam®, Czech Camo	S-TEX®, F-TEX® HD version (50 % cotton, 50% polyamide) LS version (50 % cotton, 50 % polyester)	HD 230 g/m2, LS 200 g/m2	S, M, L, XL, XXL + long size
